

Lab Assignment 4

DirectionalMaps:

The objective of this web application is to get the direction of the two places given along with their respective temperatures after a successful login. If the user is using for the first time, he/she can create a new user by clicking on sign up and can login.

Wire Frames:

Login page Wire Frame:

The wireframe diagram illustrates the layout of a login page. At the top center, the word "Login" is displayed in a large, bold, sans-serif font. Below this, there are two input fields: one for "User Name" and one for "Password", each accompanied by a label on the left and a rectangular input box to its right. At the bottom left, there is a blue underlined link labeled "New User? SignUp here". At the bottom right, there is a rectangular button labeled "Login". The entire form is enclosed in a rounded rectangular border.
